

Legion Plans Big Doins Here Next Armistice Day

Plans include All Lake Okechobee Area for Celebration

"All day meeting with representatives on the ground in the order of the day for Belle Glade on next November 11th, according to plans announced by Legion Commander Sid Smith.

Bands, amarchin', cowboys and cowgirls aridin' and soldiers and ex-soldiers strutting their stuff down the avenue, with speakin' singin' and dancin' in between times, and a jam-up barbecue when eatin' time comes—that's what the boys are plannin'.

Ralph Freeman as general chairman with J. B. Jones barbeque chairman. The committee picked with other chairman to be announced soon.

All service organizations around the Lake are to be invited—as are school bands and other organizations.

Ralph will have an outstanding speaker on hand and expects dignitaries from far and near, as Belle Glade's reputation for "doin' their stuff" on such occasions is widely known.

Underground Cables Prove Themselves in Telephone Service

Belle Glade was not isolated from the outside world during the recent hurricane because of the buried lines. A stretch between Pahokee and Belle Glade where aerial cables were used for a bit over a mile proved the undying of service from Pahokee and Canal Point.

George Bachman, local manager of the telephone company, informs us that the company will continue until all lines to the Glades and connecting the southern communities are in underground cables.

All telephone service has been restored except to Hillsboro Plantation where many poles remain to be put right.

National Elks Meet in Miami 1910

It was announced at the last Elks meeting that Miami had secured the 1910 National Elks Convention, with about 30,000 attending.

Local lodges in the State, and especially those near Miami, will be expected to be ready for the convention delegates and visitors on their way to and from the convention.

PAR-TEE LINE

By Anna Holmes Country Club Revisited

John Tablt, in charge of an all male cast, worked overtime and double time to provide a special treat last Monday night for the ladies, who have operated the Club very successfully for two months.

Ribs, baked beans, olives, rolls and coffee with swamp cabbage were served free to members and their families. The committee lost count after 125 were served.

The men who so capably assisted Johnny: Bob Cameron, Harry Rubin, George W. H. Vanderwater, George W. H. Vanderwater, Bob Creach, Sr., Ray Whitlock, Eddie Jones, marmalade, Barbecue pit, and Johnny, Leonard Pearce, Urban Felling, Louis Gold and Doc Mullberg served.

Holiday Tournament Results Harold Rubin acted as chairman and starter for the Labor Day 9 ball midget tournament, who played on a marmalade-croquet course. Prizes awarded: Two firsts to first: O. G. McWhorter and Kathleen Livingston; and Louis Gold and Grace Aspery; Eddie Van and Charles Aspery; and Jack Johnson and J. B. Jones tied for second; Jack Johnson and Ruby Jones were awarded golf trophies for being mid-way between high and low.

Mary Tablt and Lou Betzner also ran Robert Aspery and Helen Rubin scored a Birdie 64 on 9.

Plans for the July 4 and August 10.

High School Band Signing New Members

Sixty boys and girls including junior groups have already signed up for the Belle Glade High School Band this year.

This year the band has given students in the fourth, fifth, sixth, seventh and eighth grades in order to get the which students can qualify for band. When the results of the tests are determined, parents will be sent a letter inviting them to instrumental demonstration. They will also have a chance to discuss getting the proper instrument for their child with Mr. Payne and a representative of a Chicago music company.

Thursday, Sept. 15, 8 P.M. at the High School auditorium the demonstration will be held and the new rental plan will be explained for parents who are interested.

Enthusiasm is running high. No one is cajoled, no one persuaded that he "ought to" play in the band—only those who are really interested and seem likely to succeed are considered.

The band is now in the hands of the new members including beginners, there is still room open, if you would like to join the band NOW IS THE TIME!

High Brass Visits Dike Repair Work

The Glades was full of "high brass" this week from Jacksonville, Atlanta and Washington. In an inspection tour of the Okechobee dike, and especially the damage done by the recent hurricane.

No public announcement has been made, but quite a few people are of the opinion that since the beating the dike took for such a long period of time in an inspection of the strengthening work proposed.

Certainly the dike is in good shape and it was originally designed to take and the damage done pointed out where some additional work should be done.

Repairs on the wash-out have been about completed and the material used is rock and shell pumped from the lake's bed.

The group spent Tuesday night in Miami and arrived in Cleveland Wednesday morning when Mr. Broadford joined them in an inspection of the dike.

Among those visiting here were: H. C. F. Middlebrooks, H. A. Goehne, F. B. Siebner, and G. A. Hathaway, from the Atlantic Division, Atlanta, Ga., Col. B. L. Robinson, T. Lindner, B. B. Blackman, and J. B. Scott, from the Jacksonville District office, Col. R. W. Pearson, L. B. Burnett, and A. Scott.

All Community Youth Invited To Methods Church Banquet Tonight

The Community Methodist Church of Belle Glade closes out its Youth Week with a banquet tonight at 8 o'clock, in the Church. The Women's Society of Christian Service and the Tri-P class are co-sponsors of the big dinner, and the Methodist Youth Fellowship invites any and all youths in Belle Glade and vicinity to be present. Tickets will be on sale for seventy-five cents at the door this evening.

The banquet will be conducted with worship and conference services led by the Rev. W. C. Hester.

This affair brings an end to a very successful Youth Week at the Methodist Church of Belle Glade. The Youth Fellowship group will host the next Youth Week at Pahokee, Lake Harbor, Clewiston, and Moore Haven.

The program has been ably conducted from 7 to 9:30 each evening by Rev. Hester, the Rev. Earl Jones of Canal Point, and the Rev. J. B. Vanderwater, pastor of the local church.

Sunday night singing, the list of activities with the installation of the officers, who will preside over the local group, and the closing of the week.

The election will be held a week ago, and speakers are: President, Joe Leavitt; Vice President, Jerry Barry; Secretary, Jackie Royle; Treasurer, Teddy Jones; and the committee chairman appointed were, Eva Sue Taylor, world friendship; Anne Baker, community service.

Eastern Star Host To Other Chapters On R. Morris Day

Robert Morris, credited as the founder of modern participation of women in Masonic works, would undoubtedly have been remembered Tuesday night had he been present at a joint celebration of Glades chapters with the Belle Glade Ladies acting as hostesses.

After a sumptuous pot-luck feed, representatives of the Pahokee, Clewiston and Moore Haven chapters contributed numbers in the remembrances of Robert Morris.

Safe Driving Campaign Year Round Job Of Florida's Highway Patrol

How many accidents are prevented by the familiar sign of the Florida Highway Patrol is not a matter of record, but finding lights, brakes and other defective equipment work 24,476 warnings given and 207 cars were made for these reasons.

A total of 1,268 were arrested for having no drivers license and they caught 66 driving after licenses had been revoked. For passing stopped school buses 22 were warned, while 15 were warned.

Just how important this campaign is may be indicated by a reminder that 88,667 were examined for licenses and only 37,696 were granted. Of the number granted, 19,084 were restricted. Of the restricted 636 were taken to the "P" in Florida and 22 for physical infirmity and 1, 623 because of

inadequate vision. Road rules and signs kept over 17,000 from passing. This screening kept 17,000 from passing on our roads last year.

The Patrol inspected 41,921 vehicles and found 28,683 needed some repair to be safe on the road, and a great majority of these were on account of improper lights or no lights.

"School has started, and once again we must increase our vigilance in traffic in cooperation with the National Safety Council."

"School time," Kirkman said, "takes the child away from his mother's driving for a few hours a day and during part of that time he is a potential traffic hazard."

(Continued on Page 4)

Lineman's Fall Mars Record Of No Storm Deaths

Samuel Dewey Sutherland, 51, of Miami, working in a crew for the Florida Power Company repairing storm damage was thrown from a pole Sunday when he grabbed a wire carrying a high voltage.

An oxen man and a pulmotor were used for several hours under competent medical attention, it is reported, but no avail.

Robert L. Plunkett of Boca, Ala., now living in Miami, also a member of the crew was also injured, but having his safety belt on he was saved the fall from the ground. Through suffering from burns in the Belle Glade Hospital, Mr. Plunkett is convalescing on the road to recovery.

Coroner George Williams, Constable Raymond Meek and State Patrolman Sheffield investigated the accident.

Berry Funeral Home of Belle Glade and Pahokee received the body of the victim.

300 Reserved Seats Being Built For Use Of Local Footballers

Principal Hobbs announces that the concrete foundations have been poured to receive the 300 reserved seats being provided for football fans this season.

Just as soon as the schedule can be complete the tickets will be offered to the public. Hereafter there have not been any reserved seats though season tickets have been offered to the public.

It is expected that the 300 will be taken up the first few days offered as many applications have already been received.

Increase In Enrollment In All Glades Schools On Registration Days

P. T. Will Foster Teachers At Reception

The teachers of the Belle Glade School will be honored Monday night with a reception given by the Parent Teacher Association. The affair will be at 8 o'clock at the High School and all parents are invited to attend.

This is an annual social event to welcome the teachers and to give them an opportunity to meet their students' parents.

The mothers and fathers of children who are entering school this year for the first time are especially invited.

White and Negro Schools Show Varying Increase

Glades schools—both white and negro—find themselves with increased enrollments over previous years.

South Bay school Principal Mrs. Edythe Eckman announces that enrollments reached 117 with a number of pupils not yet reporting because of absence of families.

Mrs. Margaret Hess is first grade teacher, Mrs. Olga Hardy has the second grade; Mrs. Leslie Martin has third and fourth grades. Mrs. Ruth Murphy has fifth and sixth grades. Calvin Peacock has the 7th grade with Mrs. Eckman the 8th; Gervais McClure will teach science in Junior High grades.

The Okecho Migratory Camp School, under Mrs. McDonald's principal announces registrations of 110. Due to the fact that quite a number of these from the Camp are in the northern vegetable growing states, this school will have a greatly increased enrollment as families return to the Glades.

Registrations in Belle Glade Elementary and High School progressed through Wednesday with a total of 377 for Elementary and 320 for High School, making a grand total of 707 with more coming in each day. Elementary boys number 263 and girls 144. High school boys registering number 187, girls 174. Total enrollment at the school for the first month of school last year was 706, and it is expected that for the same period this year it will run much higher.

All negro schools report increased enrollment, although generally breaking the 100 mark. Enrollment in the Glades is delayed on account of migrant families who are slowly growing in the area.

The elementary school at Belle Glade has an enrollment of 233, and the Glades National School at Camp Okecho has an enrollment of 188 for the last year.

South Bay negro school has approximately 100 enrolled for the first few days.

The white school at Belle Glade has had additional room added on during the summer and the new \$320,000 school is almost completed.

194 Men Repairing And Rebuilding

Thirty-two crews totaling 194 men and including tree surgeons were used by the Power Company to repair and rebuild lines and equipment in the Glades following the hurricane. Men from Texas and North Carolina were among those brought in.

Crews from the company's own ranks and from private contractors were brought in, one entire crew coming from Sanford, N. C.

There were two crews from Pahokee and one from Jacksonville.

All customers are reconnected into service except a couple of outlying places such as Hillsboro Plantation, where the line is down completely in places.

Pepp Paul DeLoaga, Glades Electric Company, in the following statement, "I want to sincerely thank our customers for their patience and indulgence during the hurricane and following the hurricane."

"Your patience during the restoration of your electrical service was a great inspiration to all of the 225 men and women who worked the rescue service in the Everglades. City Commissioners, police departments and the State Highway Patrol gave us wonderful help."

"The people of the Glades are a great and wonderful group and we enjoy working for you."

"Thanks again from the bottom of my heart."

The State Game and Fresh Water Fish Commission expects to distribute 1,500,000 bluebirds to farmers to be planted for food.

Florida's federal aid allotment for wildlife restoration was increased from \$21,295.61 in 1910 to \$145,939.46 in 1916.

(Continued on Page 4)

National Guard Gets Intensive Training Here

First Lieutenant John W. Hooker, Company Commander of the 1st Battalion, 10th Cavalry, is getting real training and is following an organized plan which really gives the boys some real what they get were they in the regular forces.

Each Wednesday night there are 120 minutes of training according to a planned program. Lectures, motion pictures, demonstrations and drills are followed and the whole is joined together so that actual benefit is received by each of the men.

The Company Commander is pleased with his general attendance and especially of this week, which is a better than 30 percent answered roll call.

Lieutenant Hooker points out that the program is designed to help out in the instructions.

"Of the citizen Army, the National Guard is in the first category of importance. It must be healthy and strong, ready to take its place in first line of defense in the first weeks of emergency."

Thus General George C. Marshall, Chief of Staff, U. S. Army, stated the objective and the new mission of the post-war National Guard—a far greater responsibility than it had before World War I and II. Before seeing action in these two wars, the National Guard needed more equipment and training in order to take offensive action. For the first time, the divisions were used as cadres.

The ranks of the Guard divisions were filled with new men in 1916 to \$145,939.46 in 1916.

Social Happenings

Miss Mildred Holard of Jennings, Louisiana, is spending a two weeks vacation here with her uncle and aunt, Mr. and Mrs. R. E. Holard.

Mr. and Mrs. Ezra Howington of Atlanta, Ga., were guests of Mr. and Mrs. Luther Jones last week.

Mr. and Mrs. William Graber and daughters have returned from Harrisville, Ohio.

Mr. and Mrs. J. L. Gay and daughter Barbara Ann, had as their guests last week, Mr. and Mrs. Fred Graham and son Harry of Orlando. They all drove over and spent the holiday week end at the Naples Beach Club at Naples.

Mr. and Mrs. W. C. Bamford and sons returned home last week from Hendersonville, N. C., where they spent a month's vacation at their summer cottage on Jump Off mountain.

Mr. and Mrs. William Rhodes left Wednesday for a week's tour of Florida.

The two oldest daughters of

Mr. and Mrs. Harold Rabin, Joan and Linda, returned home last week from Blue Mountain Girls Camp at Shroudburg, Penna.

Mrs. Earl Lindrose and daughter, Ellen returned home Sunday from Atlanta, Ga., where they have been visiting her relatives.

Mrs. Jas. A. Ball and children returned this week from Zephyr Hills where they visited her parents.

Mr. and Mrs. Eddie Schoepel and children, Susan and Skippy are spending a month in Wisconsin with his relatives.

Mr. and Mrs. Francis Harris had as their guests over the weekend, Mr. and Mrs. Harry Steward of Ft. Pierce.

Mr. and Mrs. James Wieringo and daughters have returned home from a trip to Georgia where they visited relatives.

Rev. I. E. Enlow returned home last week after spending ten days at Ridgecrest, N. C., at a Baptist Bible Conference.

Mr. and Mrs. N. D. Lloyd accompanied Judon to West Palm Beach Tuesday where he enrolled at Palm Beach Junior College for his freshman year.

The Lloyds are expecting Mr. and Mrs. Nash Lloyd home soon from Chicago, Ill., where he is completing a three month course at Coane's Electric and Radio School. James D. Goggans is now at Bowling Green, Ohio inspecting tomatoes at Libby's Canning Plant there.

Mrs. George Lorton and children have returned home from Hendersonville, N. C., where they spent the summer months.

Mr. Lorton will join them later.

Mrs. Tommie Lanier was taken to Pratt General Hospital in Coral Gables Tuesday for observation and a possible operation.

Mr. and Mrs. Frank Phelan and children arrived home this week after spending the summer in the north.

Mr. and Mrs. Ralph E. Freeman and son Jay, returned last Thursday from Willsborough, Ohio. Mrs. Freeman and Jay spent the summer months there at their summer lake cottage.

Mr. Freeman joined them several weeks ago and accompanied them home.

Mr. and Mrs. R. E. Kidder and daughters, Mary Eleanor and Dorothy spent the holiday weekend with Mr. and Mrs. Clarence Kidder in Hallendale where they are residing at the Henry Stoltenberg apartments.

BETA SIGMA PHI'S ENJOY BUFFET SUPPER

The Beta Xi Chapter of Beta Sigma Phi enjoyed a social event to which their husbands and friends were guests, on Tuesday night at the Girl Scout Hut. A dinner of chicken and rice, salads and desserts, and punch was served buffet style.

An attractive decorating scheme was carried out with brightly colored croton leaves. Following dinner, games of canasta, bridge and rummy were played.

Mrs. Eddie Jones, chairman of the social committee, and Mrs. J. T. Harris, ways and means committee chairman were in charge of the affair.

The same group will meet again on Wednesday night at the Girl Scout Hut. The word "SUCCESS" is more than an aspiration, it is a goal. The word "SUCCESS" is more than a goal, it is a plan. The word "SUCCESS" is more than a plan, it is a habit.

Cinematic Chat

Meet the peach of all the beaches at the Hugo Theatre this Sunday: Monday when one of the rip-roaring comedies that you have boo-fied your way through in some time is screened with Ronald Reagan, Virginia Mayo and Eddie Bracken in the

starring roles and a great cast of featured players all pitching in to make a great handful of talent to aid and abet Virginia Mayo, who brings out the best in her when she goes to the beach. Come well girdled for the most in for some of the most violent laughing you have been subjected to in some time. As one writer puts it "more laughs than Jones Beach has sands."

of comedy. Reagan, always reliable as a talented young actor, surpasses some of his past successes and Virginia Mayo in a swim suit is about the most delicious mass of lines and curves imaginable. Yes, folks, you'll love "The Girl From Jones Beach." See you at the movies—Mal.

Recent life insurance statistics prove the American husband is a pretty good guy. With the average husband usually represented as being no brighter or than in a business emergency, as three rousing cheers to the nation's husbands. There are 35 million husbands in America and most of them are working hard at making a home, raising a family, and taking care of their duties. They may not be getting the world on their backs, but they're doing their best. If they're not quite bang-up success, at least they're trying to be the very best possible.

The same group will meet again on Wednesday night at the Girl Scout Hut. The word "SUCCESS" is more than an aspiration, it is a goal. The word "SUCCESS" is more than a goal, it is a plan. The word "SUCCESS" is more than a plan, it is a habit.

NATIONAL GUARD

Continued from page 1

requiring complete training. Here in Belle Glade, Company E is a part of the Nation's 34-Day Force which is training to take its place in our country's first line of defense.

Actually the 34-Day (Mobilization Day) Mission of the new National Guard is not new but older than the Nation itself.

Go back to the Militia of the 17th Century which were the forerunners of the National Guard as we know it today. Then the Colonists laid down their plows and tools and took up their muskets for the immediate defense of their homes. Today, that spirit again prevails but with a modern organization, vastly expanded and equipped with the latest in weapons and equipment.

In order to accomplish this mission, the new National Guard was authorized to expand from 19 divisions it had in World War I to 25 Infantry Divisions, 10 Armored Divisions, 21 separate Regimental Combat Teams and 43 Anti-Aircraft and Artillery Groups (97 battalions).

In addition, there are numerous non-divisional combat support units including Field Artillery, Armored Cavalry, Engineer, Quartermaster, 51 Infantry Groups (77 battalions), Police and Transportation units.

The Air National Guard has 12 Air Wings of 72 Fighter Squadrons, 12 Light Bombardment Squadrons, 36 Aircraft Control and Warning Squadrons and 10 Air Transport Squadrons.

Organization of the new National Guard began in 1948, and today is virtually completed with a strength of more than 155,000 men from more than 4,000 units totaling more than 4,000 with a strength of 315,000.

The Air National Guard has completed organization of all 43 allotted 54 units and has a strength of 41,000 men.

The National Guard's service to the country is not limited to the training for and the fighting of wars, however. Guardsmen battle the raging forest fires in Maine in the fall of 1947 and are credited with saving several communities. They worked tirelessly on the ground during "Operation Haylift," when the blizzards of 1948-49 swept the western States. The Columbia River floods in Oregon and the

The Belle Glade Herald

Continued from page 1

hurricanes that hit Florida and Louisiana in 1948 necessitated calls for the National Guard. And the Guard responded in the same tradition as it did at the San Francisco earthquake in 1906 and again in the Ohio and Mississippi Valley floods of 1936.

The local Guard Company, during hurricane emergencies as guardsmen and are important in the communications set-up with their walkie-talkies.

Today's Guardsmen are associating themselves with traditions older than the Nation itself—but as modern as the newest tank off the assembly line. They have the opportunity of training with the latest of Army equipment and methods. They augment their civilian income, earn credit towards retirement and receive promotions as they increase their proficiency.

COMMUNITY YOUTH Council will From Page One Billy Malley, recreation; Joan J. Ellis, publicity; and Donald J. Dale, decorations.

The later assemblies participated in recreational periods, he main features of which were group singing, table games and vanderbilt work. Afterwards, volunteer services were held by Rev. Bowman. Each program is spread off with a very impressive candlelight "Sharing Hour," during which time the group held silent masses here.

During the Thursday session, Rev. Bowman reiterated several of the points he had made earlier in the week regarding the greening and selection of M. J. P. leaders. He said that officers in the organization should be elected, not for fancy appearance or personality, but for the amount of "brain cells" available in the individual's uprightness. He stated that he would rather have a person in office who is willing to give of his superior intelligence than one who is unreliable, less willing and non-punctual. Rev. Jones has been teaching a course in Methodist Youth Fellowship here.

All young people in Belle Glade and the surrounding area are invited to the banquet to be held at the Community Methodist Church here tonight.

Rev. Vandewater said that although the attendance at the Youth Week meetings averaged 100 good fifty young people is hoping for nearly eighty-five at the banquet. Youth Week is an annual affair.

The M. Y. F. invites everyone to fellowship with his neighbor, and to attend church on Sunday.

SAFE DRIVING CAMPAIGN Continued from page 1

The accident victim unless it is actually protect him.

Emphasis on road safety is particularly appropriate in September, according to the Florida Department of Public Safety, because at no other time of the year are so many children exposed for the first time to the dangers of our streets. In spite of careful teaching by their parents of correct pedestrian habits, children are still immature in their thinking, and warnings have very little meaning to them, the Department says.

"We can't over-estimate the importance of conscientious traffic training on the part of parents," Kirkman said, "but we shouldn't forget that the responsibility for child safety will always lie heavier on the shoulders of the motorist than the parents."

In connection with its project, the Department reminded

The Belle Glade Herald

Continued from page 1

all drivers that in 1948 about 10 children between the ages of 5 to 14 were killed in motor vehicle accidents, in Florida.

"Many of these deaths," Kirkman said, "happened because motorists forgot to expect the unexpected while driving near schools, playgrounds, and residential districts. When a child's life is at stake we can't afford the luxury of laxness."

Apiculturist Says Queens Are Bargain At \$2.65 A Pound

Here's a bargain for you—one pound of queen bees for only \$2.65—and that is a real bargain because at the beginning of the season you'd pay more than \$3.50 for the same amount.

Perhaps you don't want the bargain, but there are people scattered all over the world who do, and according to John D. Haynie, apiculturist with the State Agricultural Extension Service, they'll pay as high as \$1.25 each for queen bees.

Florida queen and honey bee shippers realized about \$40,000 last year from the sale of 13 pounds of queen bees. In addition to the queens, they also shipped out 33,000 pounds of other bees and at \$1.50 each to the pound that's a lot of bees.

Florida Sport Fishing Hits New High Record During 1948-49 Season

Florida's sport fishing business hit an all-time high during the 1948-49 season, Coleman Newman, State Game and Fresh Water Fish Commission director, announced last week.

Newman reported that 273,918 persons bought fishing licenses during the fiscal year to shatter all previous records. Sales exceeded the 1947-48 figure by more than \$5,400, he said.

Newman's report showed that the state accommodated more out-of-state anglers last year than ever before. Non-resident license sales numbered 83,808, a 34 percent jump over the previous year. Sales to residents increased 18 percent with a total of 190,110.

Newman said the sky-rocketing non-resident sales resulted from pointing up fresh water fishing in out-of-state public campaigns by the game agency and the State Advertising Commission.

Receipts from fishing license sales amounted to approximately \$370,613, nearly \$150,000 more than the hunting license total. The director pointed out that receipts from fishing exceeded those from hunting for the second time in history. Fishing license sales topped those for hunting for the first time during the 1947-48 season.

Florida Riches Poured Into Uncle Sam's Big Income Tax Trough

Federal internal revenue collections in Florida totaled \$34,150,052 in the fiscal year ending July 1, 1949, the research and industrial division of the Florida State Chamber of Commerce reported yesterday in its weekly business review.

"This total was made up of \$194,882,895 in individual income taxes, including withholding taxes; \$70,857,939 in corporation income and profit taxes; \$20,869,512 in employment and carriers' taxes; and \$44,540,052 in miscellaneous internal-revenue such as taxes on amusements, furs, jewelry, luggage and toilet preparations."

"Comparative levels of tax collections are significant. Collections for the fiscal year 1948-1949 with the previous fiscal year, a four percent increase in employment taxes is noted, showing an extension of business and industry in the State. An increase of more than half a million dollars in corporation taxes is also noted."

"A decrease of 19 percent in individual income taxes paid and of 12 percent in miscellaneous collections are brought out by the comparison. Total collections for the 1948-1949 fiscal year were down 13 percent from the previous year."

Record Classes To Graduate At State University Soon

A record shattering second summer session graduating class of 843 candidates at the University of Florida is scheduled to receive 546 degrees in commencement exercises in the new gymnasium at 8:00 P.M., Saturday, September 3.

The large number of candidates compares with 372 who received degrees during the same period last year. Many of the candidates are public school teachers for Florida who returned to complete work for advanced degrees.

Included in the degrees to be received are 341 bachelors, 84 law, 138 masters and 3 Ph.D. Two students, Richard H. Allen and William Robert McCorn, will receive bachelor and law degrees. William M. Scruggs, Jr., will receive both the B.S. and B.E. degrees.

Commencement speaker will be Richard W. Ervin, Attorney General for the State of Florida, who will speak in The Part Education Plays in Developing Moral Values.

Horticulturist Tells How To Treat Shrubs Broken By Hurricane

GAINESVILLE, Fla. — The care of plants damaged by the recent hurricane requires only ordinary good judgement, according to C. H. Blackmon, horticulturist with the Agricultural Experiment Station at the University of Florida, but he offers the following advice to bolster that good judgement.

If the main stem on your plant or ornamental shrub is broken, Blackmon says the best thing to do is get rid of the plant for it cannot be saved.

If shrubs were subjected to severe whipping by the high winds with the result that tips were broken, cut back the branches behind the splintered wood.

As for pruning, Blackmon says he wouldn't advocate any more pruning than is necessary to remove the broken wood. Many plants are flowering at this time, he explained, and over-pruning may do permanent

damage. In the case of plants that have been partially uprooted, to the extent that about half the root system is damaged, wet the soil, pull the plant back into position and tie it there. Provide suitable padding around the tie to prevent scarring the bark and cut back the plant to compensate for the scanty root system remaining.

Where bark has been worn by rubbing or damaged by flying objects, Blackmon suggests you cut away the bark to an undamaged area and dress the wound with a good grade of paint or a commercial wound dressing.

In the case of pruning or cutting back damaged limbs, only those branches of more than an inch in diameter require protection and should be painted or dressed.

"These same general suggestions would follow for trees," said Blackmon.

You Must Pay "The Man" If He Comes After Your Automobile License

TALLAHASSEE, Sept. 8.—(FIS)—If you refuse to surrender your driver's license under the automobile financial responsibility law, you have to pay the expenses of the peace officer sent to get it from you. Attorney General Richard Ervin has ruled that the expenses of such an officer are "collectable as any other account."

The financial responsibility law requires a driver at fault in an automobile accident to pay damages and show ability to meet expenses of any future accidents. Failure to do so means loss of the driver's license for a year.

If the driver does not give up his license voluntarily, a peace officer may be sent to get it from him.

Birth Announcement

Mrs. Vernie Boots of Belle Glade has received word of the birth of a son, John Robert Whitford, Jr., to Mr. and Mrs. J. R. Whitford of Wakefield, Mass. Mrs. Whitford and Mrs. Boots came to the South Bay Schools in the fall of 1938 as young teachers just out of college. Mrs. Whitford will be remembered here as Miss Mary Whit Bussey.

TO THE CITIZENS OF THE CITY OF BELLE GLADE:

As voters, I feel that you should know what has been accomplished during the past two years. The following things have been done through the cooperation of your city commissioners:

During the past two years, over \$30,000 worth of equipment such as trucks, graders, bulldozers, police cars, etc., has been bought. More streets have been paved in the past two years than were paved since Belle Glade was incorporated. Belle Glade has no outstanding debts or bonds against it except against the water department, which is self-liquidating.

This year, I was placed in charge of the Building and Sanitary Department, and helped in the formation of a new building code. No metal roofing or siding put on under this code was blown off during the recent hurricane, nor was any building built under this new code seriously damaged.

Last year the sanitary commission set up a fund of \$15,000 anticipated revenue to run the department. They collected \$12,779.16—leaving a deficit of \$2,220.84.

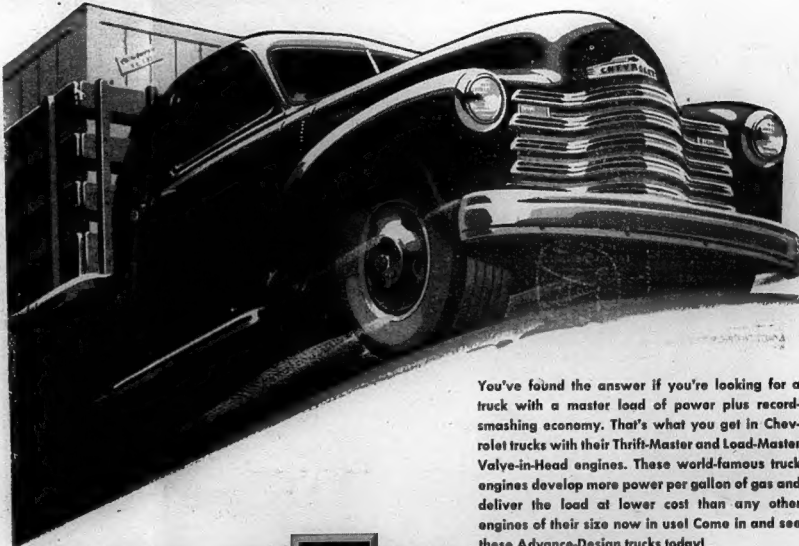

This year, I was in charge of the sanitary commission. The amount of anticipated revenue was again \$15,000. So far, collections amount to \$18,116.75—a surplus of \$3,116.75. This is the first surplus shown by this department since it was created.

I feel that my record as commissioner speaks for itself. If elected again I will continue to work for further improvements and for the interests of the people of Belle Glade.

Your vote and support will be appreciated.
Sincerely,
A. J. RICHMOND

Belle Glade Terminal Belle Glade, Florida

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Paul Dillow, Bobby, Billy and Paulette have returned from a few days visit with Mr. and Mrs. C. E. Forber and family at Orlando.

Postmaster and Mrs. Eric Hartline are expected to return from their vacation visit among relatives at Round Mountain, Ala., on Thursday.

Dr. and Mrs. R. L. Pipes and family have returned from a two month stay in Pennsylvania and the New England states.

Mr. and Mrs. S. L. Eckman have taken one of the Willis Apartments until they can secure permanent quarters. A light pole fell on their house at the Sugar Plantation making it necessary for them to move out following the hurricane.

Mrs. Anna Keene, who has been staying with Mrs. Verda Higginbotham, moved to her

house at Belle Glade last week. She is principal of the Belle Glade Elementary School.

Mrs. F. W. Mutchler, Jackie Mutchler, Mr. and Mrs. Leland Hardy visited Mr. and Mrs. Walter Bouton at Orlando during the storm and for a few days thereafter. The Mutchler house was unroofed and is still not habitable from water damage.

Mrs. Ruth Murphy, sixth grade teacher, has purchased the Henderson Apartments, and taken up her residence.

Calvin Peacock, Junior High teacher has moved his family from Pahokee into one of the Willis Apartments.

Mr. and Mrs. W. F. Martin have moved their family from Belle Glade and have taken one of the Willis Apartments.

Dr. David Lynn of Miami was a visitor at the South Bay Baptist Church for the Sunday evening service. He is reported to have resigned his Miami pastorate and plans to continue his education at divinity college this year.

Mrs. Maxine Walker and a friend from Miami were the weekend guests of Mrs. Edna Walker and family.

Ginger Crichtfield visited her aunt, Mrs. A. P. Graham at Sebring last week while her sister Genie was visiting her grandmother Mrs. P. D. Crichtfield at Sebring.

Mr. and Mrs. John R. Crow, Mike and Sharon of Miami Springs were the Sunday dinner guests of Mr. and Mrs. Alvin R. Crow and family and visited Mrs. P. E. Goodbread and other relatives during the afternoon and evening.

Mr. and Mrs. J. V. Glet of Orlando visited his parents, Mr. and Mrs. J. M. Templeton last week.

Mrs. Mark Challenin and sons Mickey and Jimmy are expected to return home from New York sometime this week.

Mr. and Mrs. L. G. Keene and daughter, Peggy of Pahokee, A. S. Higginbotham and W. H. Higginbotham of Miami were the Sunday guests of Mr. and Mrs. B. Barro.

Mr. and Mrs. Clayton Miller of West Palm Beach have purchased the Kory Corner Cafe from Mrs. Edna Walker and opened for business this week.

Mrs. Laura Crow was a guest of Mrs. Mrs. C. C. Hays in West Palm Beach during the hurricane. She was standing in front of a window when it blew out testing her nerves and room. She was fortunately not cut by flying glass or injured otherwise. Mr. and Mrs. E. Green of Clearwater came down the first of the week and took her home with them for a visit.

South Bay School Opened For Session

School opened this week with registration on Tuesday and regular classes beginning Wednesday under direction of Mrs. Edith Eckman, principal and her corps of teachers.

The cafeteria under management of Mrs. Verda Higginbotham opened Wednesday. The regular plate lunch has been reduced in price this year to 25 cents a plate.

The new Merry-go-round purchased by the Parent Teacher Association last spring has arrived and was set up Monday on the school grounds. The Seesaw also arrived and will be put up this week.

The first Parent Teacher's Association meeting will be conducted Monday evening, Sept. 12 in the school auditorium according to announcement of Mrs. Eckman.

Coch Jim Maynor will be the speaker on that occasion discussing his work of the past summer on supervised recreation and inviting suggestions as to how to enrich the program for next summer to make it both more attractive, interesting and profitable for the children. Some 180 children from South Bay and Lake Harbor took part in the program this past summer.

All patrons of the school and friends are invited to attend this meeting by Mrs. E. W. Meek, president.

South Bay Gets Dusting

The Town of South Bay has been dusted over the weekend with D D T dust as a means of mosquito control made necessary by the infestation of mosquitoes coming in the wake of the recent storm. The town site was dusted earlier in the season with such good effect that mosquitoes have not been a problem all summer until the last week.

The Town parks and street crews have been busy all summer keeping the streets in good condition by filling in with shell rock and keeping weeds run down on vacant lots to mitigate any mosquito threat. The County Road Department has also been active in grading up the South Bay streets for a good run off in case of heavy fall rains.

Marlette Campbell Confidential Observer

Miss Marlette Campbell of South Bay and Miss Betty Layfield of Lake Harbor have returned from Orlando where they attended the Grand Assembly of the Order of the Rainbow from Monday to Friday. Miss Campbell was Confidential Observer at the Assembly.

Councilmen To Be Elected At South Bay

The next South Bay municipal election will be conducted at the Town Hall on Tuesday, October 4 to elect two councilmen to take the places of F. B. Willis and Floyd Wilder whose terms of office expire at that time.

To date no one has qualified for filing as candidate. The

deadline for filing is September 23 and registration books will also remain open until that date. Blankets for petition to have the names of candidates on the official ballot may be obtained at the Town Hall.

Legion Erects Subscription Board

The American Legion Post 161 of South Bay is erecting a large donation board on the site of their building operations on which will be inscribed the names of all the donors of cash and materials toward their building. As new subscriptions and donations are made the names will be placed on the board.

The foundation and floor have now been laid and the erection of side walls is now in order. All work is being done by the Legionnaires under the direction of a competent contractor and builder.

State Game and Fresh Water Fish Commission experiments show that from 75 to 95 percent of bass and bream hooked deeply enough to draw blood die within two weeks after release.

BIography of DR. R. Y. CREECH, JR.

R. Y. Creech, Jr., was born in Moore Haven, his father (now a retired grower and packer) having been a pioneer since the opening of the Glades at the close of World War I. Moving to Belle Glade with his parents in 1923, young R. Y. received his elementary education here. After graduating from Pahokee High School, studied optometry at Northern Illinois College of Optometry at Chicago, Ill., where he was a member of Magna Cum Laude fraternity, received the William B. Needler Memorial award for outstanding scholarship in the field of optometrical sciences, a member of Omega Delta professional fraternity and was valedictorian of his graduating class. He was on the staff of N. I. Eye Clinic. Before going into Military Service he was refractician for a Chicago eye, ear, nose and throat clinic.

Dr. Creech served in the Air Corps during the late war. He was attached to the medical department and was based at various places throughout the United States, including fields in Florida, Nebraska and Illinois. Discharged at Jefferson Barracks in 1946, he returned here and immediately opened his office in the Elsberry Building.

Dr. Creech married Miss Nancy Hooker of Belle Glade, and 8-year-old R. Y. III and 2-year-old Lane Thomas complete the family circle.

Dr. Creech is a member of the Lions club, American Legion, Forty and Eight Club, Athletic Club, and Club, and plays baseball with East Coast Association on Belle Glade team. He also likes fishing, but his hobby is golf. He is lecturing Knight and charter member of the Elks B.P.O.E.
